

Frequently Asked Questions

What will EVPay™ cost?

There is a nominal one-time set up fee. Payment processing fees for ACH are discounted on a daily or monthly basis.

What are the contract terms?

There are no contracts or cancellation fees.

How does EVPay™ work?

Using Electronic Invoicing, prepare and send the client invoice from Deltek Vision® or Vantagepoint®. Your client opens the invoice and selects "Pay Invoice". EVPay™ processes the payment.

What do I need to do to prepare for my EVPay implementation?

Consult your EleVia representative to make sure you are using the latest version of Electronic Invoicing, turn on the basic final invoice packaging feature, enable the EVPay functionality.

How quickly are funds available?

ACH transfers typically fund to your bank within two or three business days. Automated batch routines provide you peace of mind in knowing your funds will be there when they should be.

Why is EVPay™ less risky?

- EVSecure™ ensures the highest level of security for your clients and compliance with industry standards.
- Eliminate the archaic and risky practice of writing customers account numbers on paper.
- Customers enter ACH information only one time, reducing the opportunity for data entry errors on future transactions.

How do I get started with EVPay™?

Contact us. We will walk you through the necessary changes (if any) and get you started on the underwriting paperwork for approval.

How is visibility into cash flow improved?

- Easily monitor cash flow in real-time through rich data visualizations on a unified digital dashboard.
- Forecast project revenue with real-time backlog and schedule.
- View and monitor projects most and least profitable.
- Quickly identify projects losing money.
- Compare performance of PICs or PMs across all their projects.

How does EVPay™ improve cash flow?

- Invoice directly from Deltek Vision® or Vantagepoint® in real-time, rather than waiting for the end-of-month billing cycle. A game-changer!
- Set up automatic invoice delivery and collect payments within two business days of issuing an invoice or initiating client-approved autopay.
- The puzzle solved! EVPay provides the last crucial element to EleVia's financial modules for Deltek's ERP powerhouse. FAST, automated payments!
